

Flow::connect

Flow::update

Flow::setSource

```
graph LR; A[Flow::connect] --> C[Flow::setSource]; B[Flow::update] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, two white rectangular boxes with black borders are stacked vertically. The top box contains the text 'Flow::connect' and the bottom box contains 'Flow::update'. On the right, a single gray rectangular box with a black border contains the text 'Flow::setSource'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box. The top arrow starts from the right side of the 'Flow::connect' box and points to the top half of the 'Flow::setSource' box. The bottom arrow starts from the right side of the 'Flow::update' box and points to the bottom half of the 'Flow::setSource' box.
